

FLEX

Low Cost with High Performance

FLEX - an efficient, easy to use, cost-effective way to handle empty beverage containers. Its compact size and low cost means it will fit your location and your budget. Plus, Envipco's breakthrough compaction delivers the industry's best container densification—allowing for 1000 container storage.

Extra Large Display

High-resolution color LCD provides clear and easy-to-read graphics and text

Consumer Friendly

Fastest container input speed
Fully ADA compliant

Easy Installation

Roll into position
Plugs into any 110V (230V) outlet

Dual Commodity Storage

Holds over 1000 containers

Security

100% cash control,
no shrinkage

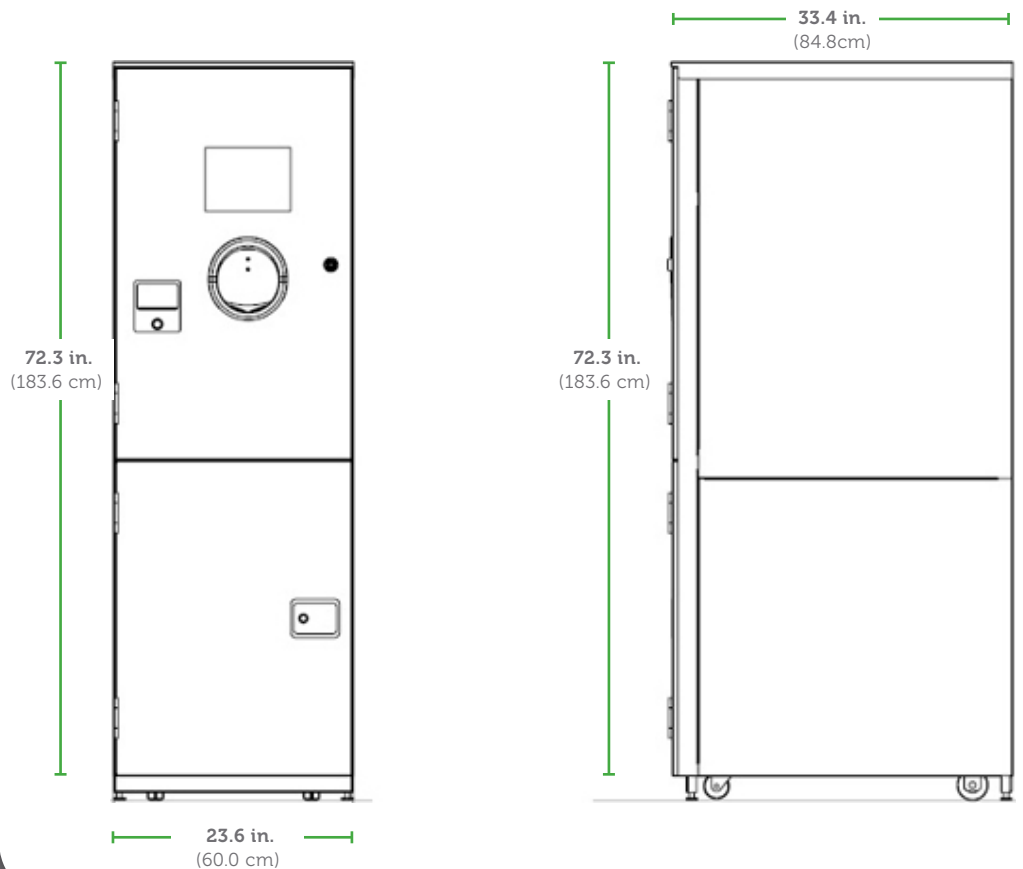

Dual Laser Scanner

Fast and accurate deposit
accounting

Contemporary Styling

Scratch resistant upper door
with attractive color and surface
Appeals to consumers
and simplifies maintenance

MEASUREMENTS

Specifications

Performance

As fast as the user or up to 40 containers per minute

Container Size

- PET containers up to 3 Liter (101 oz)
- Aluminum cans up to 1 Liter (34 oz)
- Glass bottles up to 1.3 liter (44 oz)

Storage Capacity*

- Dual bins with 60% PET/40% can volume
- Aluminum cans: 700
- Plastic bottles: 300

Densification

- Patented dual-stage Can/PET flattener

Container Identification

- Dual wide field bar-code scanners
- Aluminum and PET sensors
- Optional container size measurement (patent pending)

Standard Equipment

RVM to host digital dispatch

Communication and Data Management

- LAN interface (Ethernet TCP/IP)
- Optional cellular modem
- Linux operating system and uninterrupted power supply ensures data integrity

Consumer Interface

- 10.4" (26.4 cm) high-resolution color LCD
- High-resolution graphics
- ADA Compliant, 48" (122 cm) high in-feed

Cabinet

- Reliable steel design and durable electrostatic powder coat finish
- Base cabinet with levelers and casters

Machine

- Dimensions: 72.3"h x 23.6"w x 33.4"d (183.6 cm h x 60.0 cm w x 84.8 cm d)
- Footprint: 5.65 sq ft (0.53 sq m)
- Weight: Approximately 510 lbs (230 kg)

Optional Equipment

- Loyalty card reader
- ePort RVM management (Wifi)
- Glass soft-drop side cabinet (capacity approx. 200 bottles)
- Glass crusher in side cabinet (capacity limited by handling weight)

Electrical

- 120 VAC single phase, 60HZ, 20A service, NEMA 5-15R receptacle (STD)
- 230 VAC single phase, 50Hz, 16A service

Environment

32°F – 95°F (0°C – 35°C)

* Aluminum and Glass assume 12oz (355ml) containers, PET assumes 16.9 oz (500 ml) containers
